1. Welcome to York College of Pennsylvania – Whether you are a new or returning student, a full-time or part-time student, an undergraduate, graduate or doctoral student, we are glad that you are here.

The Department of Campus Safety at York College of Pennsylvania is responsible for enforcing traffic and parking regulations on all College property.

Regulations must be observed at all times, including evenings, weekends, during class registration periods, exam and reading days, holidays, semester breaks, and during periods of inclement weather. Failure to comply with the traffic and parking regulations constitutes a violation subject to traffic or parking fines (by means of a citation) and/or referral to the Office of Student Conduct.

In addition to college policies, all traffic and parking policies regulated by the Commonwealth of Pennsylvania apply and are enforced.

The operation of a motor vehicle on campus is a privilege and the College reserves the right to restrict, suspend or revoke this privilege for just cause. Having a personal vehicle on campus is not a prerequisite of any College program and students and visitors park and operate vehicles at their own risk. The College is not responsible for vehicles, or for personal possessions left in vehicles, while parked on campus property; however, any theft or accident that does occur on campus should be reported to Campus Safety immediately.

2. Traffic Regulations - The speed limit on campus roadways is 15 miles-per-hour. Pedestrian traffic has the right-of-way at all times.

2a. Enforcement - York College Campus Police Officers are authorized by the Pennsylvania Motor Vehicle Code (Title 75 Section 6113) to regulate and enforce all Campus traffic rules, regulations, and the PA motor vehicle codes. York College Campus Police Officers are appointed Private Police on Campus and authorized under Pennsylvania Title 22 Chapter 5 Section 501 and shall severally possess and exercise

all powers of a police officer in this Commonwealth, in and upon, and in the immediate and adjacent vicinity of the property of York College.

Per Title 75, chapter 1, section 2 § 102, all roadways on York College property are considered highways for vehicle code enforcement purposes.

Traffic & Parking regulations are in effect seven-days-a-week, 24-hours a day, all year long.

Table 1 - Traffic Violations and Fines

2b. Traffic Violations and Fines - Anyone operating a motor vehicle contrary to these designations or in a negligent manner may be issued a traffic citation from Campus Safety. Any offense can result in a judicial hearing if the circumstances of the case warrant. York College officials have the discretion to revoke the privilege of operating a motor vehicle on campus.

Driving Under Influence of Alcohol or Controlled Substance - (PA Vehicle Code Title 75, Section 3802)

An individual may not drive, operate or be in actual physical control of the movement of a vehicle: after imbibing a sufficient amount of alcohol such that the individual is rendered incapable of safely driving, operating or being in actual physical control of the movement of the vehicle.

If the individual is under the influence of a controlled substance (schedule I, II, and/or III drug) or a combination of a drug or drugs and alcohol, such that the individual is rendered incapable of safely driving, operating, or being in actual physical control of the movement of the vehicle.

Failure to Stop for Campus Safety Official or other Emergency Vehicle - Any driver of a vehicle who willfully fails or refuses to bring his/her vehicle to a stop, or who otherwise flees or attempts to elude a campus safety official.

The command to stop includes visual (red and/or blue) and audible (police siren) signals to bring the vehicle to a complete stop. Failure to stop may result in a traffic citation and/or campus judicial action.

Upon being approached by emergency vehicles, individuals operating a vehicle on campus shall yield the right-of-way and shall immediately drive to a position parallel to, and as close as possible, to the right-hand edge of the roadway or curb, clear of any intersection and stop until the emergency vehicle has passed; except when otherwise directed by a campus safety official, or other uniformed personnel.

Failure to stop for or yield the right-of-way may result in a traffic citation and/or campus judicial action.

Reckless Driving - Any person operating a vehicle in an intentional or wanton disregard for the safety of persons or property may be cited for reckless driving and referred to the Office of Student Conduct.

Careless Driving - Any person operating a vehicle on campus in careless disregard for the safety of persons or property may be cited for careless driving and referred to the Office of Student Conduct.

Driving Vehicle at Unsafe Speed - The speed limit on all campus roadways is 15 Miles per Hour (MPH). No person shall operate a vehicle at a greater speed than is reasonable and practical under existing conditions.

Students and visitors are to drive with caution and adhere to this speed limit. Drivers are required to obey all traffic signs, signals, devices and instructions from authorized persons directing traffic.

Traffic Control Device - Unless otherwise directed by a uniformed police officer or other uniformed personnel authorized to direct, control or regulate traffic, the driver of any vehicle shall obey the instructions of any applicable official traffic control device. Traffic control devices include stop signs, stop bars painted on the surface of the roadway, yield to pedestrian signs, painted and unpainted crosswalks. Failure to abide by a traffic control device may result in the vehicle operator receiving a citation for the violation.

Illegal Turn - No person, while operating a vehicle on campus roadways, should turn their vehicle so as to proceed in the opposite direction unless the movement can be made in safely and without interfering with other traffic.

Left-hand turns are prohibited from the main College entrance onto Country Club Road between 7 a.m. and 9 a.m. and from 3 p.m. and 6 p.m., Monday through Friday.

2c. Pedestrian Traffic - Pedestrians have the right-of-way at all times. The driver of any vehicle must yield the right-of-way to any pedestrian in a marked crosswalk or within any unmarked crosswalk at an intersection.

Pedestrians must exercise care when entering any crosswalk. Do not suddenly leave a curb or other place of safety and walk or run into the path of a vehicle, which is so close as to constitute a hazard.

The driver of any vehicle that is approaching an intersection or a marked crosswalk may not pass a vehicle that is stopped to permit a pedestrian to cross the roadway.

Vehicle operators who do not yield to pedestrian traffic may be cited for disregarding a traffic control device.

2d. Motor Vehicle Crashes - Campus Safety will investigate all vehicle crashes on campus. If you are involved in a vehicle accident on campus and wish to file a report, you must do so immediately; do not leave the scene of the accident. Vehicles involved in minor accidents occurring in roadways may be moved so that traffic can flow unimpeded. Please note that leaving the scene of an accident to which you are a part of is against the law in the State of Pennsylvania.

3. York College Parking Permits - Registration with the College is required for automobiles, sport utility vehicles (SUVs), trucks, vans, mopeds, scooters, and motorcycles that will be parked on college property. Bicycles must also be registered with Campus Safety (no fee), which can be completed online at <http://bit.ly/YCPBicycles>.

ALL permits issued for the 2025-2026 academic school year will expire on August 15, 2026.

- It is unlawful to lend, resell, rent, lease, or give away any York College parking permit that is/was issued to you.

Note: The student, or a member of the student's immediate family, must own the vehicle registered by a student to be considered as a qualifying vehicle. A valid vehicle registration (owner's) card, valid financial responsibility (insurance) card, and a valid Driver's License are required. Students may not register another student's vehicle.

These regulations, as well as the campus parking map may be viewed by scanning the QR codes found on the backside of your parking permit.

By obtaining a parking permit, you are agreeing to abide by the College's traffic and parking regulations as put forth in this document. This is a contract between you and the College.

Because parking on campus is limited, registration of a vehicle does not ensure that a parking space for a registered vehicle will always be available in the most convenient location. The inability to find a convenient parking space, however, is not sufficient cause for violation of any parking regulation.

To Register a Motor Vehicle Online: Log onto the My Apps dashboard and click on the My Parking Icon. To begin the process, you will need the vehicle registration for the vehicle being registered, and a major credit card. Follow the instructions for printing the receipt and temporary parking permit (note: temporary permit does expire).

These permits will be displayed from the rearview mirror.

- All guest vehicles must park in student parking lots and are subject to the same traffic and parking policies as students. It is the responsibility of the student to inform his or her guest of traffic and parking policies.

Appeal of the Parking Permit Eligibility Policy – Because parking is a limited resource on campus, residential students residing on the main campus with less than 60 credits, as well as students residing on the North and West Campuses, are not eligible for main campus parking. To appeal the parking permit eligibility policy, students must demonstrate both a compelling need for main campus parking and why their current eligibility will not meet their needs.

- Supporting documentation is required and any applications without it will be denied.
- You must have a valid and current parking permit to be considered.

Appeal request will not be accepted or reviewed until after September 15th (fall semester) or until after February 15th (Spring semester). Allow up to two weeks for a decision to be rendered.

Eligibility to submit an appeal includes already having purchased the parking permit that you normally qualify for. Failure to abide by the traffic and parking regulations may result in a parking citation for which you will be responsible.

This application may be downloaded [here](#).

Parking is a limited resource at York College and these regulations were established to provide for the effective use of parking areas and the safe movement of pedestrian and motor vehicle traffic on campus.

York College reserves the right to regulate the use of any and all of its vehicle parking facilities for the exclusive use of designated individuals, groups or campus events. Your cooperation is most appreciated.

All students are permitted to have motor vehicles on campus with certain restrictions for resident underclass, North Campus, and West Campus residents. All students, faculty, staff, and visitors who operate a vehicle on campus are required to register with Campus Safety. Permits are color-coded to match parking areas on the parking map distributed with the permit.

4a. Faculty/Staff Parking Lots are restricted to faculty and staff use between 7 a.m. and 5 p.m., Monday through Friday. After 5 p.m., faculty and staff parking lots are open for students to use, however, vehicles must be registered with Campus Safety and must display a valid and current York College parking permit.

This entitlement does not apply to parking spaces specifically reserved for:

Emergency Vehicle Spaces		

*Unauthorized vehicles found parking in these spaces will be cited and may be towed from campus.

These spaces are monitored all year long, to include weekends, holidays, reading days, during final exams, semester breaks, snow days, etc. Vehicles found parking in these parking spaces longer than the time allotted may be cited for the infraction. Previously cited vehicles that have not been moved after an eight-hour period may be cited again for the same infraction.

Faculty, staff, students, and other visitors must not park in this location and are subject to receiving a parking citation.

4g. Motorcycle Parking – There are a few designated parking spaces for motorcycle parking. Parking vehicles, other than motorcycles in these spaces may result in receiving a parking citation for the infraction; motorcycle operators may also utilize regular parking spaces. Motorcycle operators must adhere to the same College regulations as any other motor vehicle. To discourage theft, a permit decal is used for motorcycles instead of a hangtag, which must be affixed to the right front fork or windscreen.

4h. Accessible Parking – Use of an Accessible parking space is restricted, by law, to vehicles occupied by persons who are disabled and which display an authorized disabled-persons license plate, placard, or permit.

- It is unlawful for persons to utilize disabled-persons license plates and/or placards issued to someone else; unless that person is occupying the vehicle utilizing the accessible space, plate, or placard. Persons found unlawfully using accessible license plates and/or placards may be fined and/or towed (at their own expense).

Please note, however, that it takes 48 hours from the date/time of the citation to be added to an account in the Business office.

The citation should be included with payments by mail. Checks should be made payable to York College and should include the student's name and the citation number. Cash should never be sent through the mail. Payment by credit card must be done through EBill.

7. Towing - As a private institution, York College reserves the right to tow vehicles from its property, at our discretion, for violations of the campus parking regulations, to remove abandoned vehicles, or during weather or other emergencies. - Cost of such removal, and any subsequent storage fees, are at the owner/operator's expense and are payable directly to the towing company.

8. Weather Emergencies - Snow emergencies and storm alerts – When a snow emergency is declared at York College, all parallel and perpendicular roadway parking is prohibited. Persons with vehicles parked on campus should tune in to the College Cable TV channel 7, College Radio Stations AM 640 and FM 99.7, or observe the signs that will be placed in building lobbies.

Notices will also be published under Campus Announcements of the college portal and as an email message. Certain areas will be closed at different times to allow for proper snow removal. Vehicle owners will be informed as to the specific locations.

- Vehicles that violate this policy will receive a \$50 fine and will be towed to another area of the campus. The vehicle owner will also be responsible for all towing charges.

Students cannot discuss parking citations on behalf of their visitors and visitors. This instruction is printed on the reverse side of the citation.	
If your vehicle breaks down on campus, contact Campus Safety immediately to report the problem.
